Sugi Emiko's Words

I hate going to the dentist. But, a few days ago I finally had a tooth pulled out. It has been bothering my gums for years, but to pull it out, the dentist had to cut the roots and slice the bone. Finally I ended up with 5 stitches. Ah ha... I advise everyone to take care of their teeth!!

Thanks! Thanks for waiting for Get You volume 2!

The H scenes are all over the place now... hehehehe. Anyway, like I mentioned in volume 1 this is the work that makes me happy. I've received a lot of mail from people saying they like SHIN. So-chan is very grateful. Next, I'm aiming to set more provocative scenes and funny storylines as my goals, and I'll keep on working hard. Please take care of me.

I'll be happier if everyone can send me their thoughts and opinions.

"KISS MARK at 8:00 in the morning"

woo ! think I came up with this story while playing an H GAME smile. Ever since I got my own computer one of Suzuhan's ambitions has always been to play an R rated H GAME. In one of the games that I played there is a part about harrassing people inside a subway train hehe. Of course the character is a guy harrasing a girl I was thinking, what would happend if they switched places? That kind of thinking, is what got me started doing this story. Its just how I got started in this story but I really don't know if it will work the other way around(smile). And of course I am not encouraging people to become perverts Both men and women! wahahaha

Recently I don't really have time so I can't play any games not to mention H GAMES so sad Come to think about it when I started drawing the original draft of volume 2. the [SARU GET YOU] CM came out I found out that I started humming that song along with the tv without noticing it myself its so scary. because it was related to [GET YOU] so there was a feeling of familiarity, I think I will go buy it someday See you in volume 3!
